

### Customer Service

Support, anywhere, anytime! Just another component of the commitment to our customers, if you have a question call.

Our supplier has partnered with a 30 million dollar manufacturer (compliant with ISO 9001/02 specifications) to produce one of the finest electronic products in the world. We have customer care representatives ready to give you the support and assistance you expect from a leader in the technology industry. We will be more than happy to assist you in resolving any problems over the phone; a representative is waiting for your call.....

### Corporate Support

A Corporate sales team is dedicated to supporting small to large size corporations with the service they expect. We have corporate package plans to fit any size corporation. Quality products, a customer service hotline, and personal service to fulfill all your needs, makes our corporate sales team the best in the industry. The following services are available to our corporate customers:

- ❖ Hotline Service
- ❖ Excellent Logistical (Distribution) Support
- ❖ Custom Warranty Plans Available
- ❖ Quick and Easy Upgrade to read New State Formats.
